

## **BAND STUDENT ACCOUNT POLICY**

The Student Account Policy is designed to be a band trip savings account. Funds credited to band students can be transferred to other band or orchestra members, including siblings, in grades 7-12 with written parental approval. Transfer of student account funds to sibling band or orchestra members can be up to 100% of the value of the account. Transfer of student account funds to band or orchestra members other than siblings can be up to 50% of the value of the account. The non-transferred funds revert to the general fund for non-specific band expenses. All other money remaining in the account of non-returning students of any grade are transferred in total to the general fund. Students leaving the band, with intent expressed to the Treasurer to return, will have their funds held for them for one year.
